

Ventev, a division of TESSCO Technologies Inc., designs and manufactures high-quality, industry-leading product lines that provide a comprehensive ecosystem of wireless products. These products ensure reliable network performance for most major radios & access points, and will simplify the installation of Wi-Fi, DAS, CBRS, LTE, IoT, and two-way networks.

PRODUCTS WE OFFER

Ventev's infrastructure solutions for wireless networks include:

- Antennas
- Cable
- Enclosures
- Connectors
- Lightning Protection
- Mounts and Brackets
- Power Systems
- Site Hardware

VALUE-ADD SERVICES

No single deployment is the same. Ventev offers a host of value-add services to solve the most difficult wireless challenges. These include:

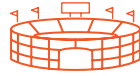

- Quick-Turn Cable
- Custom Labeling
- Product Design
- Product Customization
- Wrapping
- Etching
- Unrivaled Product and Industry Expertise

WHAT WE DELIVER

Along with our exceptional customer service, Ventev solutions improve coverage and capacity, ease installation, and help networks blend into any indoor or outdoor environments. These pre-configured, fully integrated solutions include:

- Aesthetic Wireless Connectivity
- Wi-Fi Infrastructure
- Citizens Broadband Radio Service (CBRS)
- Integrated Power and Connectivity
- Outdoor Connectivity
- Remote Monitoring and Mobility
- Distributed Antenna Systems (DAS)
